Criminal Action No. 1:17-cr-10243-IT-1

ORDER

October 25, 2022

TALWANI, D.J.

Pending before the court is Defendant Christopher Condrón's Emergency Motion of Demonstrable Actual Innocence in Violation of the Constitution [Doc. No. 542]. Condrón requests acquittal based on an alleged miscalculation of a construction cost estimate at trial. Alternatively, Condrón requests the court to reverse the charges and vacate his sentence. Where the court has already denied Condrón's previous motions for acquittal [Docs. Nos. 444, 459], see Order [Doc. No. 502], and the current motion was filed outside of the 14-day time limit as required by Federal Rule of Criminal Procedure 29(c)(1), the renewed motion for acquittal is denied. To the extent that Condrón challenges the judgment, his motion is premature as he has not yet been sentenced.

Accordingly, Condrón's Motion [Doc. No. 542] is DENIED.

IT IS SO ORDERED.
